Mike-

I've made the edits and filled in some of the blanks on the talking points. For slide 2, I'm still waiting for Bob in Region 2 to find **Ex. 5 Deliberative Process (DP)** I did get the #s from Region 5 for Michigan.

On slide 4, I added in a few examples in the notes (e.g., ASWM handbook), but you may have others. I added something from the FACA report, but again, that's mostly about assumed waters, and not much else. I tried doing a google search for the 2010 ECOS exercise but didn't find anything.
